

James Demlow

Software Engineer | Front-End Developer

SUMMARY

Creative, detail-oriented, software engineer with a deep interest in problem-solving. Proven track record of creating and implementing successful front-end web applications. Looking to bring my skills to a tech company with global reach.

WORK EXPERIENCE

Software Engineer Consultant | Denver, CO

April 2022 — Present

- Providing clients with consulting, design, and development for websites used primarily for business.
- Technologies used include JavaScript, Tailwind CSS, Bootstrap 5, Git, Github, HTML, CSS, and more.
- Also providing search engine optimization (SEO) as well as a marketing strategy for small businesses.

Business Owner, Aviaf Resale | Lansing, MI

February 2019 — April 2022

- Proprietor of Aviaf Resale.
- Generated over \$32,000 in sales per year purchasing and selling vintage men's clothing.
- Responsible for all aspects of the business including market research, bookkeeping, online marketing, and customer service.

Private Music Instructor, The Berkley Music Co. | Berkley, MI

December 2012 — February 2019

- Provided private music instruction to a client base of over 40 students per week.
- Created tailored lesson plans for clients between the ages of 6 and 55.
- Organizer and marketing for student recitals.

Retail Store Manager, Preuss Pets | Lansing, MI

September 2008 — December 2012

- Responsible for animal husbandry of the exotic freshwater fish department. Animals included freshwater jellyfish, stingrays, African and South American cichlids, piranha, and many more.
- Created a feeding program for all freshwater stock.
- Regularly tested and maintained water quality for over 200 tanks. Received Seachem certifications at Seachem headquarters in Atlanta, GA
